

Delicious Food at Your Fingertips!

Over the past few years, shows like MasterChef have done a huge amount to **spark** an interest in cooking for kids. Here is our contribution:

Our Bilingual 1 ESO students have enjoyed our recent lessons explaining, preparing and tasting their favourite dishes. Let's have a look!

Cod Croquettes

Guillermo prepared such a huge amount of **cod croquettes** that we had to share them with our friends from 2 ESO. Yummy, yummy!

Ham Pastries

Javier prepared **ham pastries** that we ate all of them up in less than a minute. Great!

Squid Sandwiches

Lucia cooked some **squid sandwiches** for us. We were starving that day so we gobbled them down. Delicious!

And from **SALTY** to **SWEET**...

Have a look at **Marco's chocolate cake**, **Esther's apple cake** and **Alejandro's cheesecake**!

Chocolate Cake

Apple Cake

Cheesecake

No comments!! We devoured them. We also ate [Virginia's Frixuelos](#) with [Nutella](#) and [Jorge's Pasties](#). Awesome!!

**Thank You Guys
For These Sweet Seventh Periods!**

AND **THANK YOU** TO ALL THE FAMILIES FOR THEIR COLLABORATION IN
THIS ACTIVITY!

Bon Appetite!
